BOSTON AND MAINE RAILROAD

The Annual Meeting of the Stockholders of the Boston and Maine Railroad will be held Wednesday, April 9, 1919, at 10.30 o'clock A. M., at Gilbert Hall, Tremont Temple, No. 82 Tremont Street, Boston, Mass., for the following purposes:

- I. To hear and act upon the report of the Directors.
- II. To elect Directors for the ensuing year.
- III. To see if the By-laws shall be so amended as to give to the Directors the power to elect Assistant Treasurers with authority to sign certificates of stock, or registered or coupon bonds.
- IV. To transact any other lawful business.

By order of the Directors,

ARTHUR B. NICHOLS, Clerk.

Boston, Mass., February 28, 1919.

BOSTON AND MAINE RAILROAD

EIGHTY-SIXTH ANNUAL REPORT

To the Stockholders of the Boston and Maine Railroad:

Federal
Control.
Changes in Corporate
Organization.

The operation of the Boston and Maine Railroad under Federal Control by the Temporary Receiver was on June 10, 1918, transferred to a Federal Manager. Mr. B. R. Pollock, formerly General Manager, was appointed to the position of Federal Manager by the Director General of Railroads.

On the same date the undersigned was appointed District Director

in charge of New England Railroads by the Director General.

The separation of Corporate matters from Federal Management made necessary the resignation of Mr. Hustis as President of the Corporation, and on that date Woodward Hudson was elected President.

On September 18, 1918, William J. Hobbs, who has been connected with the Corporation since December, 1872, having been appointed Federal Auditor, resigned his position as Vice-President, effective October 1, 1918, and his resignation was accepted by the Directors with deep regret, the Board placing on record its appreciation of his long and faithful service.

On the same date Herbert R. Wheeler, having been appointed Federal Treasurer, resigned his position as Treasurer, and Arthur B. Nichols was elected in his place.

The very considerable amount of accounting and engineering work in connection with the Corporation made necessary an organization in these departments, and on October 1, 1918, William S. Trowbridge, formerly Federal Auditor of the Boston and Albany Railroad, was appointed Comptroller, and on March 1, 1919, Harry J. Sargent, Valuation Engineer on the Boston and Maine Railroad, was appointed Corporate Engineer.

Reorganization with the help of the Director General, under the provisions of the Federal Control Act, seems likely to be fulfilled. The plan has been submitted to the Stockholders and approved by them, as well as by the Stockholders of the Leased Lines involved, and has also been approved by the Legislature of New Hampshire and by the Public Utilities Commission of Maine, and the Public Service Commissions of Massachusetts and New Hampshire. Hearing has been had upon it before the Public Service Commission of New York, but decision has not yet been rendered.

The Director General and the representatives of the Boston and Maine Railroad have agreed upon the terms of the contract for compensation to be made with the reorganized company.

The usual report of the operation and financial condition of the property for the fiscal year ended December 31, 1918, as compared with that of the previous year is not made this year, because under government operation the road is to all intents and purposes a leased line and this report is made on that basis. The accounts attached to this report show the Corporate receipts and expenditures as distinguished from the receipts and expenditures from the operation of the System.

The Federal Government relinquished the control of the three street railways which have been operated in connection with the Boston and Maine System—the Concord and Manchester Electric Branch, the Portsmouth Electric Branch, and the Conway Electric Street Railway Company. The operation of these railways, therefore, has been under the control of the Corporation. The Government also relinquished control of the Mount Washington Railway Company, which was not operated last summer. All property, the income of which has been included in "Miscellaneous Rents," has remained in the Corporate control. The Corporation has continued to have an interest in the subjects of Railway Mail Pay and Valuation of Railroads, and in these two matters has co-operated with the Federal Management.

For the information of the Stockholders there is given on page eleven the results of the Federal operation of the entire system, including the leased lines and independently-operated roads from the figures furnished by the Federal Management.

Capital Stock

There has been no increase in the Company's outstanding capital stock which at the close of the year consisted of 31,498 shares of Preferred, and 395,051 shares of Common Stock, a total of 426,549 shares, owned by 7,155 stockholders, with residence as follows:

In Massachusetts	4,715	owning	382,603 shares.
In New Hampshire	535	66	15,650 shares.
In Maine	1,187	66	14,670 shares.
And Elsewhere	718	66	13.626 shares.

Funded Debt

There has been no change during the year in the funded debt, which remains at \$43,338,000.

Floating Debt

Notes of the Company were outstanding December 31, 1918, to the amount of \$13,306,060 as follows:

Notes extended to August 31, 1916	\$13,101,160	
Notes extended to July 17, 1916	198,400	
Notes extended to June 2, 1916	5,500	
Notes extended to March 2 ,1916	1,000	
6		
Balance Sheet, Table No. 1, page 9		\$13,306,060

Federal Valuation

Total as per B

The cost of this work during the year covered by this Report for the Boston and Maine and Leased Roads, including controlled lines, \$6,252.60. Total cost to December 31, 1918, Boston and Maine, and Leased Roads, \$530,971.78; including controlled lines, \$544,506.60.

The Board of Directors has lost two members by death during 1918—Hon. Marcus P. Knowlton, formerly Chief Justice of the Supreme Court of Massachusetts, and a director of this company since October, 1914, who died on May 7—and Hon. George H. Prouty, an Ex-Governor of the State of Vermont, and a director since October, 1913, who died on August 19. Their connection with the company during a critical period of its existence and the benefit of their experience and ability have been of great value.

On November 26, 1918, the Board of Directors elected Messrs. H. Leroy Austin and Leslie P. Snow to fill the vacancies on the Board.

At a meeting of the Stockholders on January 2, 1919, the by-laws in relation to the Board of Directors were amended so that the Board shall consist of not less than fifteen nor more than twenty-one members. The Stockholders then elected two additional Directors—Messrs. John G. Sargent and George H. Warren.

March 27, 1919.

Temporary Receiver.
